Many thanks to Delaware Humanities for their support!

ABOUT ZOOM INTO HISTORY: To participate in a Zoom session, your computer will need a camera function, mostly standard equipment on laptops and tablets. We suggest reviewing the camera function before that time and recommend that you join in 5 - 10 minutes before the start time, to be sure that your equipment is working. All attendees will be put in a waiting room, then admitted one by one. You will be muted on admittance, but will be able to unmute as soon as you are in. MANY thanks to Rebecca Fay of Delaware Historical Society for assistance and patience!
